

MIGHTY MEN OF WAR

Monthly "Fire" Fellowship

"The corporate anointing released when men share and pray together is life-changing."

MIGHTY MEN OF WAR

Mighty Men of War is a group of men who meet monthly around a campfire to support each other as we fight to become mighty men.

- There are no requirements.
- There is no curriculum.
- There are no attendance demands as men freely come and go.
- We recognize that men of God need each other because “iron sharpens iron.”

BE REAL

Share your story around the campfire.

- We need each other. Risk being seen and known. We have nothing to hide and nothing to prove.
- We each have personal battles, and we all need the support of other men in our lives.
- We each have a personal story that God will use to help others in their journey.

MIGHTY MEN OF WAR

“The fire” is a safe place

- We listen intently to each other and walk in love.
- We are not here to “get it right” or fix one another.
- No teaching, preaching, counseling, or interrupting.
- What is shared around the fire stays at the fire.

MIGHTY MEN OF WAR

Bring the struggles of life to the fire and let it consume them as we share.

- We leave our religious and professional credentials at home.
- Around the fire, we are all sons, equals, men in a circle learning about each other.
- We're learning to be curious as we tell our stories, because God is always in the stories.
